

Happy Holidays!

PEDALS 4 PEANUTS is a local charity serving the greater Charleston area. The sole purpose is to supply under-served children with their first new bike and helmet. The feeling of pride and freedom for the child associated with this new gift is simply awesome.

We have partnered with multiple local charities, schools and in 2016, the North Charleston recreation department in an effort to identify deserving kids.

This year we will be holding a bike build on December 7, 2017. As a recognized approved charity by Boeing, the build will be on the Boeing campus and involve their employees to volunteer. We will be assembling 500 bikes at this event bringing our total number of bikes gifted to local children to over 1500 bikes and helmets since 2014.

The 500 bikes this year will be supplied to multiple local police agencies. The community outreach officers in each agency will identify deserving children and give them their bikes. Our hope is not only to make a child feel special with their own often first new bike, but to build a relationship of trust between the police and local communities.

Our charity is 503c approved. As listed on the State of SC Charity website, 99.5% of every dollar we collect goes directly to the children. Our current cost basis is \$38.50 per bike through Huffy so even a small gift can go a long way in helping a child.

I hope this holiday season you will consider Pedals 4 Peanuts. Please visit our website at www.pedals4peanuts.com for further information.

I wish you and your loved ones a happy, healthy and safe holiday and a great New Year.

Best,
Dennis K. Schimpf, MD, MBA, FACS
